"Jeffrey Halford is a talented, American roots-rock musician steeped in the trinity of blues, folk and rock with... lyrically interesting songs about American life."

CHICO ENTERPRISE-RECORD

"Natasha James' songs play like cinematic vignettes with poetic lyricism... country steeped in blues and tex-mex... a nod to Janis Joplin and Emmy Lou Harris."

MUSIC CONNECTION

"Michael O'Neill's songs... layered with vocals... as if the ghost of Hank Sr. found Willie Nelson and Tim O'Brien in a honky tonk near the beach."

FISHNET TOWERS MUSIC

"Pete Olson, a singer, picker, and writer of sweet, sometimes sad, always poetic songs... his clear, strong, expressive voice, and fluid, ringing guitar style never fail to move his audiences."
